

CLASSES

From beginner basics to advanced techniques, our classrooms are open to all! Whether you want to better identify your finds, learn more about geology and minerals, or make jewelry, we have a class for it!

- Create stunning cabochons in hands-on lapidary classes—transform rough stones into polished treasures
- Learn the art of silversmithing and craft your own unique jewelry pieces
- Design and build with wire wrapping and chain making techniques
- Discover the secrets of mineral identification and unlock the stories behind your finds
- Explore cold connections and more innovative ways to create without heat
